Forecast for Friday 25 Aug 2023

Weather: A few showers overnight and at first on Friday. Bright spells during the day with showers becoming more frequent during the morning. Some of the showers will be heavy in the afternoon and early evening, especially over Lochaber and the Trossachs with small risk of thunderstorms.

Chance of cloud-free hill tops above 800m: 60%

Low Cloud and visibility: Away from showers, the visibility will be very good with occasional cloud cover above about 700 to 800m. Marked reductions to poor visibility as heavier afternoon showers come along with more extensive clouds lower down the hills.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
It will continue to feel quite cold over higher ridges and summits, even with lighter breezes.

Forecast for Saturday 26 Aug 2023
Weather: Some mist in the glens at first with banks of cloud on lower slopes, soon dispersing. Then a brighter day than Friday with fewer and lighter showers and also more sunshine.

Maximum wind: Freshening northerly winds, average speeds of 15 to 20mph gusts 30mph on tops by afternoon.

Chance of cloud-free hill tops above 800m: 70%

Low Cloud and visibility: Patches of poor visibility at lower levels at first, otherwise very good visibility. Occasional cloud cover above about 700 to 800m with patches lower down at first.

Temperature: **Glens:** Plus 7 Celsius rising to 17 Celsius.
At 800m: Plus 8 Celsius.
Freezing level: Above the summits.
